Make Cost Reduction as Easy as Spending

Turn the Tables on Spending with SpendBrain™

SpendBrain™ is your always-on AI cost reduction partner, trained on your historical spend data to surface insights, detect risks, and optimize decisions without disrupting your current vendors or operations. Backed by a team of PhD experts, SpendBrain™ helps you regain control in a world designed to make you overspend.

Product Features

- **Speak To Your Spend**
  Instantly ask questions like “Which contracts are auto-renewing this quarter?”
- **Live Anomaly Detection**
  Scan invoices and contracts in real time for errors, overcharges, or non-compliance
- **Global Spend Intelligence**
  Unify all contracts, invoices, and spend activity across locations and teams
- **Contract Insights**
  Surface outlier terms, local law conflicts, or cost traps without digging through PDFs
- **Guided Procurement**
  Steer teams toward the right vendors, pricing, and compliant spend

Benefits

- **Zero Disruption**
  Optimize spend without switching vendors or service levels
- **Vendor Accountability**
  Lock in better rates and hold providers to their contracts
- **Institutional Memory**
  SpendBrain™ remembers what your team forgets
- **Real-Time Visibility**
  Always know where your money’s going and why
- **Human + AI Power**
  Expert insight + AI scale = smarter decisions, less stress

Proven Wins

Over $24B in savings driven to date

- $13M in telecom billing errors eliminated — Major U.S. university
- $2.85M in utility rebates recovered — County of San Diego
- $15M in waste & recycling savings — 335 multifamily housing sites
- $1M+ reclaimed and reallocated — PIH Health

How to Get Started

- **Book a Demo:** Explore SpendBrain™ from live anomaly detection to natural language queries.
- **Submit a Contract or Invoice:** Choose any vendor document. No system integration needed to get started.
- **Let SpendBrain™ Work:** The AI scans for billing errors, compliance risks, and outliers against thousands of contracts and invoices.
- **Resolve with Confidence:** Collaborate with SIB’s PhD experts or notify your internal team to reconcile issues to directly with vendors.
- **Build Your Self-Funded AI:** As you feed SpendBrain™ more data, it becomes your personalized cost-reduction engine.
